Working on the farm all day long,
Everybody sing the planting song.

Working on the farm all day long,
Everybody sing the planting song.

First you take a seed and put it in the ground,
Put it in the ground, put it in the ground.

Then you get some water and pour it all around,
Pour it all around, pour it all around.

Working on the farm all day long,
Everybody sing the planting song.

Working on the farm all day long,
Everybody sing the planting song.

When the sun comes out, the light shines down,
The light shines down, the light shines down.

The leaves grow green and the stem grows brown,
The stem grows brown, the stem grows brown.

Working on the farm all day long,
Everybody sing the planting song.

Working on the farm all day long,
Everybody sing the planting song.

**When the fruit is ripe, they'll be big and round,
Big and round, big and round.**

**We'll pick the fruit and take it to town,
Take it to town, take it to town.**

Working on the farm all day long,
Everybody sing the planting song.

Working on the farm all day long,
Everybody sing the planting song.
