

Clean Up

Spill a little milk, spill a little soup
Spill a little juice, spill a little glue
Oops, I made a mess, a super giant mess
So it's time

To clean up, clean up
I know it's hard to start
But it's awesome when we're through
Clean up, clean up
Hey, come on
You know just what to do

Knock down all the cards, knock down all the blocks
Knock down all the sticks, knock down all the rocks
Oops, I made a mess, a super giant mess
So it's time

To clean up, clean up
I know it's hard to start
But it's awesome when we're through
Clean up, clean up
Hey, come on
You know just what to do

Playing in the dirt, playing in the rain
Playing in the mud, playing in the paint
Oops, I made a mess, a super giant mess
So it's time

To clean up, clean up
I know it's hard to start
But it's awesome when we're through
Clean up, clean up
Hey, come on
You know just what to do

Clean up, clean up
I know it's hard to start
But it's awesome when we're through
Clean up, clean up
Hey, come on
You know just what to do
